Hi Tim,

Can you send me the link to the EIS - I have been swamped with other items, but I would like to at least offer informal comments on the aspects that Elaine discussed below.

Thank you,

Joe

Joe -

Thks for your note. Yes, there is time for you to send comments, and would certainly value your input since you are our Se expert.

Ex. 6 - Personal Privacy

If you could have something to me in 2 weeks that would be great.

Ex. 5 - Deliberative

Thanks again for your email and looking forward to the comments.

Regards, Elaine

Hi Elaine,

Is there still time for review - I received this on 9/17 forwarded from Jim Lazorchak.

I am the lead on the selenium criteria in OST.

Please let me know if there is still time for me to take a look at this.

Thank you,

Joe Beaman

All:

The Office of Surface Mining has published its draft EIS for the Stream Protection Rule. OFA is responsible for collating EPA's 309 review comments. We will be working closely with OW and the other interested HQs program offices, as well as the Regions. Comments from the associate reviewers should be received on or before September 1, 2015. Given OW's primary role and the need for the Administrator's review of this rule, the HQ's review may take a bit more time than usual. Receiving comments in the requested timeframe would be greatly appreciated.
